Langford Village Academy Park and Stride

Langford Village Academy would like you to participate in our park and stride initiative for the benefit of our school community. The Village hall car park is only a 6 minute walk away from school and parking here would benefit many people in many ways.

Here are some reasons why park and stride is beneficial:

1. ****Reduce congestion:**** By parking a short distance away from the school and walking the rest of the way, you can help to reduce traffic congestion around the school gates. This can make drop-off and pick-up times smoother and safer for everyone.
2. ****Promote a healthy lifestyle:**** Walking even a short distance each day can contribute to a healthier lifestyle for both you and your child. It is a great way to incorporate some exercise into your daily routine.
3. ****Less pollution:**** By reducing the number of cars parked directly outside the school, we can also help to reduce the levels of pollution in the immediate area. This contributes to a cleaner and healthier environment for all.
4. ****Encourage independence:**** Walking to school can help children develop a sense of independence and responsibility. It is a good opportunity for them to practice road safety and become more confident in navigating their way to and from school.

We hope you will consider joining us in making our park and stride initiative a success.
