

Last week, KS1 had lots of fun on World Book Day. From book swaps to torch light reading, it was a very jam packed day. It was wonderful to see a shared love of reading throughout the day and all the lovely costumes.

In LKS2, pupils have been using their scientific enquiry skills for their new topic of Rocks and Fossils. Children became Petrologists and observed rock samples closely in order to identify and classify chalk, slate, sandstone, granite, limestone and marble. The following lesson, children questioned how rocks are formed and used their own enquiry to understand and explain the formation of sedimentary rocks.

World Book Day Competitions

Well done to everyone who took part in the Caught Reading competition! We were blown away by the quality of the entries. The School Council chose the winners who have all received a £5 book token to spend at the book fair! Below are the winning entries!

To celebrate World Book Day the children took part in a Shelfie quiz. These are posters that the staff have created showing their book shelf selfies which shares the books they loved as children. Well done to Turtle class and Manta Ray class who got the highest amount correct!

Maths Magicians

In our Maths Magician's Club this week, we put a fun twist on the classic game of Noughts and Crosses by playing on a larger grid and extending the challenge! Instead of aiming for three in a row, players had to connect four or five marks in a row to win. This activity encouraged strategic thinking, logical reasoning, and pattern recognition as children developed tactics to block their opponents and set up winning moves. It was a fantastic way to explore mathematical thinking through play, and everyone enjoyed the challenge!
