

## Welcome to our EYFS Newsletter

Welcome to our first newsletter of the year and a special welcome to all the new parents of our children. We are delighted at how well the children from both classes have come into school this week. Thank you for your help and support with this. Our big wooden train for the outside area will be delivered on Monday and we are very excited about it! If you have any queries or worries, please speak to your child's class teacher.

### Mathematics

In maths we will be learning to say numbers forwards and backwards in order and match numerals to quantities. We will practise putting numbers in order and use the interactive white board to play number games. We will solve fun maths problems and add numbers together!

### English

We will be starting our daily phonics sessions next week and learning our sounds. Your child will be bringing home a sounds wallet for you to practise these sounds at home and a reading book. All children will visit our school library each Tuesday and bring a book home to share.

### Topic

Our topic this half term is 'Ourselves'. We will be painting self portraits and learning about our families and senses. We will be asking you to send in a picture of your family for your child to talk about to the class in our Show and Tell sessions (more information to follow)

### Polite Reminders

- Remember to look at the whiteboard at the front of the school for messages
- Please put a change of clothes (in case of accidents) in their PE kit.
