

Autumn Term 14th October 2021 Our Value of the month is Tolerance

Diary Dates

18th October	Parents 'Evensing
19th October	Evening
21.10.21	Early Years
3.30-5.50pm	Parents 'Evensing
22.10.21	Break Up
02.11.21	Children return

KS1 have been enjoying yet more visits from wonderful pets!

Penguin class were incredibly lucky to have a visit from Miss Wood's Giant African Snails. They all got to have a little hold, and found out lots of information about keeping them as pets.

Making Me: Shield of Resilience

Years 3, 4 and 5 enjoyed an interesting and extremely helpful workshop last week about how children can build up their own resilience to cope with the things life 'throws' at them. From the shield, where the children learn to let things bounce off them, to the 'happy feelings brain' and the toolkit of adults who support them, we all learned essential strategies to help us in life. Each child made a 'resilience warrior' to remind them of all they learned.

Jellyfish Class have been learning about their five senses this week. We have played Kim's game to use our sense of sight and find out which items had been removed. We have played a listening game, where we were blind folded and then had to listen to a friend playing a triangle and point to where the sound was coming from. We also tasted three different flavoured drinks to find out which one we liked the best. We have also smelt different pots of objects and tried to identify what the scent is from.
