

## Autumn Term 26th November 2021 Our Value of the month is Courage

Jellyfish Class have been investigating which materials are waterproof to try and keep Percy the Park Keeper dry. We found out that plastic was the best material that we tried to keep him dry. The sticks did not help Percy at all!

School Lunches—Thank you for your support supplying the children with packed lunches on Friday. There will be Packed lunches with hot options for next week and back to normal lunches from Monday 6th December.
