Watch out, parents! This week Manta Ray have been honing their debating skills and we were incredibly impressed with how clearly and maturely they were able to get their 'point' across. They debated which ancient Sumerian invention they thought was the most important, with the class pretty much split between the invention of writing and the invention of the wheel. There were a few exceptions, with some of the class opting for farming tools and some choosing the Sumerian way of dividing the day into 24-hour periods. They were able to talk about the effects of these inventions on the modern day, with one commenting "without writing, you

wouldn't be able to play on all of those computer games that you love!" After plenty of back and forth, we thought that the invention of writing just nudged in front. Well done Manta Ray!

Year 6 - Burwell House

The Year 6 children have had their residential trip this week, they have spent Wednesday to Friday at Burwell House.

The children have had so many wonderful opportunities and have had the chance to develop and improve their critical skills, such as divergent thinking, creativity, resilience, self confidence, problem-solving and patience, amongst others.

They have took part in so many activities including, learning the technical skills inside a TV studio map reading, orienteering, enamelling, compass work, games night and a torch disco!

Please can we remind parents that the school car park is for staff only. Thank you.
