We have welcomed the children into Starfish and Jellyfish classes this week. We have had fun getting to know each other and finding out what our favourite toys are. The small world toys have been very popular inside and the water play was a big hit outside. We have sat beautifully on the carpet and listened to a variety of stories together. We are looking forward to next week when we will start to investigate our faces.

KS1 have been on a minibeast hunt in our science lessons this week. We searched the school grounds for places where they may be choosing to live and when we found things we discussed why they might like to live there. The children were fantastic at using their adjectives to describe the mini beast's surroundings and living conditions.

### LKS2 Stone Age WOW morning.

We all enjoyed our WOW morning last Friday. First we met in the hall and created a 'human' timeline from 2023 AD back to 750 million years BC! We found out just how far back in history the Stone Age was. Next we learned how stone age people used bones, teeth and shells to make jewellery before making necklaces with pasta and beads representing the objects they used. Finally we all drew woolly mammoths using pencils and black pen to shade the lines to create the furry effect of the mammoth. Many children dressed up or brought in artefacts belonging to that age. It was a great start to our learning.

Year 6: On behalf of everyone at Saxon's swimming pool and LVA, we would like to thank the Y6s for being so mature and responsible at swimming today. They all did so well. Please remember to bring everything with you, including a swimming hat.

Please can we remind you to be mindful and respectful of our neighbours when parking during school drop off and collection.
