# Introduction

RM Parent Portal is an intuitive and informative app for parents and guardians to easily view key information about your child anywhere, and anytime.
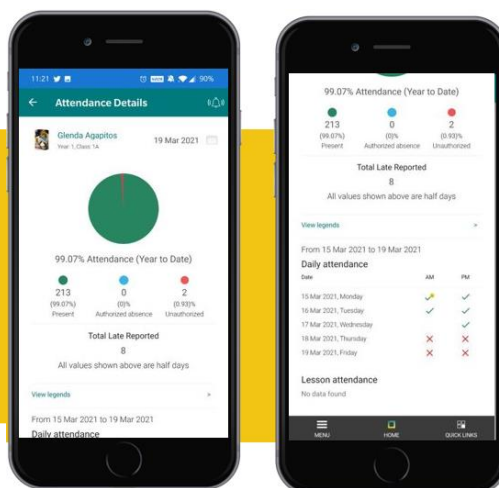

Effortlessly see all communication from the school in one place, received via any internet connected device using either a web browser or the smartphone app which is available on both Apple and Android devices. It has been designed to make engagement between you and your child's school as easy as possible.

Efficiently submit updates to your contact details and consents for your children.

The in-app message centre alerts you when there is a new email or letter from your child's school.

Children's personal information along with daily attendance and year to date information.

Look out for an email from your child's school inviting you to sign up for an account to RM Unify, a platform that provides access to RM Parent Portal along with any other applications or web resources the school may wish to share with you.

Download the app from Google Play Store or Apple App Store, search for **RM Parent Portal** or you can log on from any web browser via http://www.rmunify.com.
