20.03.18	Parent Consultation from 2pm
29.03.18	Break Up for Easter
16.04.18	Children back to school

KS 1 Newsletter

The busiest term is upon us and the teachers are already busy searching for some tinsel and tea-towels. However, there is a lot of learning to do before the start of the festive season. Here are some of the things we will be focusing on this term:

English: We are starting off with non fiction and learning more about features of different types of non fiction texts. We will then move on to look at some seasonal stories and poems.

Maths: In Year 2 we will continue with fractions for a little while longer before revisiting the four operations. The Year 1 children will work on their knowledge of place value and number bonds and then move on to 2D and 3D shapes.

Science: In Science we will be learning about weather and engage in some fun, practical experiments.

Topic: We will continue with our topic 'Changes within Living Memory', with the focus on toys and transport. We will be making some paper toys and finish with a design and technology project on vehicles.

Thank you for the parents and carers who have volunteered to read with our children at school. The teachers 1:1 reading time at school is very limited, but we continue to read with the children in Guided reading sessions and 1:1 whenever possible. If any problems with reading at home (or the books we are sending home) please do not hesitate to be in touch!

PE DAYS

- Jellyfish - Tue AM /Thurs AM
- Starfish— Mon PM/Thurs AM
- Turtle - Tues PM / Thurs PM
- Penguin - Wed AM/Thurs PM
- Seahorse - Mon PM / Fri PM
- Otter - Tues PM / Weds AM
