KS1 have been busy practising again this week for our 'Baarmy Bethlehem' performance, we are extremely proud of how hard the children all working. We would like to remind you that the evening performance is almost full, so you may not get your first choice if you return any late slips.

Seahorse class have been creating Baubles for Bedfordshire Police - this is a project in place as a way of saying thank you to our local officers for working over the festive period. Here is a photo of some of their designs, I am sure you will agree that they look wonderful!

It's been another wonderful week of learning in LKS2. In English we have now finished our poetry unit and have begun looking at stories with a moral, using Michael Rosen's book of Aesop's Fables.

Our Mathematics focus is now on Multiplication and Division and the children have enjoyed using and creating arrays to help them find links between multiplication and division facts.

In Science we are now learning about Keeping Healthy with this week's investigations centred around the wonders of the human skeleton and it's three main functions.

Our investigations into Rivers have now come to an end and we are now learning all about History in our new Topic unit Langford Past and Present. To help us with this, Dolphin, Orca and Sea Lion classes went on a history walk around Langford Village, comparing old photographs of the village with its present day appearance and answering questions related to what we could see all around us.
