KS1 pupils have started their 3D sculpture learning in Art & Design lessons using clay.

Children have learnt how to flatten and smooth their clay and have explored making a range of marks in their clay using tools and everyday objects.

As you can see they have had a lot of fun!!!

LKS2 have concluded their DT unit about torches by making their own! The children have applied their learning to make a working torch out of a plastic bottle, considering the torch housing and making the reflector, as well as completing a circuit and carefully placing it in the housing. The children even made their own switches from cardboard, split pins and a paper clip. Lastly, the children enjoyed trying out their working torches - well done LKS2!

Please can we remind you to be mindful and respectful of our neighbours when parking during school drop off and collection.
