KS1 have had a fab first full week of school. The year ones are settling in really well to their new routine and we are very proud of them all. We had a fantastic WOW day and the children looked brilliant in their outfits and enjoyed showing them off on the cat-walk. They enjoyed our food tasting and loved trying the spam sandwiches and Angel Delight. In the afternoon we had a go at creating some artwork in the style of Andy Warhol and then designing our own clothes from either

We have loved welcoming your children back to school and we are excited to welcome our new students to LVA as well. It is great to see the children reaffirming their old friendships, as well as making new ones and being so enthusiastic for their new term of learning.

In LKS2, the children are settling nicely into their routines. In Science this half-term, we are investigating Light and Shadow, and in our first lesson the children discovered that although light looks white to our eyes, it is made up of different colours because of the different wavelengths of the light spectrum. They really enjoyed making 'whizzer wheels' to demonstrate how the colours could 'blend' into white when we spin them fast enough.

Just a reminder that in LKS2 children do not receive free snacks anymore so please send your child in with a healthy snack to keep them going until lunchtime. Also, please can you make sure your child's clothing and equipment are labelled so that we can return their items if they are misplaced.

We have also had to change our spelling test day to a Monday instead of a Wednesday.

Jeans for Genes Day

As you can infer from the name Jeans for Genes Day, in the second full week of September — September 16 to 22 this year, the focus of this week is to raise money for research and treatment of genetic diseases like muscular dystrophy, cystic fibrosis, and sickle cell anemia.

Please can we remind you to be mindful and respectful of our neighbours when parking during school drop off and collection.
